

## INTERFERENCE SEARCH

The screenshot shows the FAST (Full-Text and Structured Text) interface. The top menu bar includes File, View, Edit, Tools, Window, and Help. The left sidebar displays a list of folders: Drafts, Pending, Active, Failed, Saved, Favorites, Tagged (0), UDC, Queue, and Trash. The main search results pane shows a single result: "LI: (1) (color and durab\$7 and coordinate and paint).clm." The right sidebar contains search filters and options, including "Search", "List", "Browse", "Details", and "Gear". The "DBs" section lists "US:PGPUB:USPAT:ERO:JPO:DERW:" with a checked "Durab" option. The "Default operator" is set to "OR". The "Highlight all hit terms initially" checkbox is also checked. The search results pane displays the text "(color and durab\$7 and coordinate and paint).clm." The bottom status bar shows the current document is "BRS form" and provides navigation options for "ISAR form", "Hls", "Details", "Image", and "Text".
